

**Amendments to the Drawings**

Applicant submits a marked up drawing and replacement sheet to correct two typographical errors in Figure 3. In both instances, identifier "103" should be "130." This correction conforms the drawing to the specification text at page 8, line 6.

Remarks/Arguments

Claims 1-23 are pending in the application. Claims 1-5, 7, 8, 12-13, 15-18, and 20 are cancelled. Claims 24-28 are added. A typographical error in Figure 3 has been amended. A marked up copy of Fig. 3 and a replacement sheet are attached. No new matter is added by the new claims, which are supported by the written text on page 10 and Fig. 3, for example.

Before issuance of the present action, Applicant spoke with the Examiner and discussed an oral restriction requirement. Applicant suggested an amendment to better group claims for examination. The Examiner was receptive to that suggestion. The present amendment is intended to provide a group of claims that are generally within the scope of Group I. Entry is respectfully requested.

CONCLUSION

Applicant submits that in view of the foregoing remarks and/or amendments, the application is in condition for allowance, and favorable action is respectfully requested.

The Applicant believes that no fee is due at this time.

However, if necessary the Commissioner is hereby authorized to charge any fees, additional fees, or underpayments, or to credit any overpayments, to Deposit Account No. 50-1001.

Respectfully submitted,
